WRITING

✓ title

Hello readers,

My name is Timofey. In this report I want to share my experience using new smartphone.

I want to start with its cost. Its cost is 300\$ and that's great. Almost every one can buy this smartphone and he will be happy.

I think this smart phone will change much in the future! Why? Because for this cost and its abilities it's the best smart phone in the world right now! But I'm sorry I'm not an expert in this theme so you can ignore my opinion.

I have every my apps which I'm using at the moment. Smartphone works fast ~~with~~ without any lags. When I played ✓ in games smartphone was quite and old. Playing on ✓ this smart phone is really enjoyable.

So I'm recommending this product. I'm using it for week and I'm happy. Maybe you won't find any technologies in this product but its cost is 300\$.

All the best,

Timofey as your internet friend.
